## 1. Overview of operating results and others

The Japanese economy in the three months ended June 30, 2025, showed a gradual recovery; however, there was uncertainty due to factors such as U.S. trade policies. Regarding different factors in demand, personal consumption showed signs of recovery despite weak consumer sentiment, as improvements in employment and income conditions continued. Capital investment also showed signs of recovery. On the other hand, exports have recently been on a weaker trend.

In the Saitama Prefecture economy, the Bank's business foundation, there has been a gradual recovery. The business sentiment among companies in Saitama Prefecture has deteriorated due to factors such as U.S. tariff policies. However, the income and employment environment is improving, leading to a gradual recovery in personal consumption, and companies are continuing to recover in terms of capital investment.

Under these conditions, our consolidated financial results for the three months ended June 30, 2025 were as follows.

### (1) Overview of operating results for the three months ended June 30, 2025

For the three months ended June 30, 2025, ordinary income increased by ¥3,221 million year on year to ¥23,672 million, owing to factors including an increase in interest income due mainly to interest on loans and discounts and interest and dividends on securities.

Ordinary expenses increased by ¥2,223 million year on year to ¥17,951 million, mainly owing to an increase in interest expenses due mainly to interest on deposits.

Accordingly, ordinary profit increased by ¥998 million year on year to ¥5,720 million and profit attributable to owners of parent increased by ¥369 million year on year to ¥4,172 million.

### (2) Overview of financial position for the three months ended June 30, 2025

Total assets as of June 30, 2025 decreased by ¥0.8 billion from the end of the previous fiscal year to ¥5,474.1 billion, and net assets increased by ¥7.0 billion from the end of the previous fiscal year to ¥275.0 billion.

In terms of the major account balances, loans and bills discounted decreased by ¥12.9 billion from the end of the previous fiscal year to ¥4,100.2 billion. Securities decreased by ¥29.0 billion from the end of the previous fiscal year to ¥1,026.2 billion. Deposits decreased by ¥8.2 billion from the end of the previous fiscal year to ¥5,056.4 billion.

### (3) Operating results by segment

The impact of the application on the consolidated financial statements is currently under evaluation.

**(Additional information)**

## Stock remuneration plan for directors

The Bank has introduced the Board Incentive Plan Trust for directors of the Bank (excluding outside directors and non-residents of Japan, hereinafter the same).

## 1. Overview of transaction

The Board Incentive Plan Trust is an executive incentive plan that aims to further increase the motivation to contribute to medium-to-long term performance improvement and the enhancement of corporate value. Under this share-based executive compensation plan, Directors of the Bank are awarded points based on factors such as their position and achievement of performance targets. Upon Directors’ retirement they receive shares of the Bank and cash equivalent to the value of proceeds from sale of the shares of the Bank, in line with the points they have accumulated.

## 2. Accounting treatments for transactions of delivering the Bank’s own shares through trusts

The accounting treatment in relation to the trust agreement is in accordance with the “Practical Solution on Transactions of Delivering the Company’s Own Stock to Employees etc. through Trusts” (PITF No. 30, March 26, 2015).

## 3. Matters concerning the Bank’s shares held by the trust

The Bank’s shares held by the trust are recorded as treasury shares in shareholders’ equity. The carrying amount, number of shares at the end of the period and average number of shares during the period of the treasury shares in the trust are as follows.

(1) Carrying amount in the trust	¥119 million (¥119 million as of the end of the previous fiscal year)
(2) Number of shares at the end of the period	60,748 shares (60,748 shares as of the end of the previous fiscal year)
(3) Average number of shares during the period	60,748 shares (63,918 shares for the first three months of the previous fiscal year)

The average number of shares during the period are included in treasury shares deductible for the purpose of calculation of per share information.
