(Note) Basic earnings per share for the previous fiscal year have been adjusted after a stock split.

* As for the financial results forecasts at the time of the announcement of the first quarter financial results on July 30, only the consolidated financial results forecasts have been revised from those at the time of announcement of financial results on May 11.

2. Reason for Revision

The Bank has revised upward the full-year financial results forecasts for the fiscal year ending March 31, 2027 due to increases in interest income and gains on sale of debentures and stocks on a non-consolidated basis, resulting in higher than expected results for the first six months of the current fiscal year.

* The above financial results forecasts are based on information available as of the date of this announcement. Actual results may differ from the forecasts due to various factors going forward.
