Proposals and References

Proposal No. 1 Appropriation of Surplus

With respect to profit distribution to shareholders, the Bank's basic policy is to pay progressive dividends, while achieving sustainable profit growth as a regional financial institution and maintaining and improving its financial structure. The Bank targets a dividend payout ratio of approximately 40% of profit attributable to owners of parent.

Under the above policy, the Bank proposes the payment of the appropriation of surplus as described below.

Matters concerning year-end dividends

1. Type of dividend property
Cash
2. Matters concerning the allotment of dividend property to shareholders and the total amount
Dividend per common share of the Bank: ¥90
Total amount of dividends: ¥2,975,378,040
Note: Dividends to be paid for the full year amount to ¥170 per share, including the interim dividends, for the current fiscal year.
3. Effective date of distribution of surplus
June 26, 2026

* The Bank implemented a three-for-one stock split of its common shares effective April 1, 2026. The amounts shown for "dividend per share" represent the actual dividend amounts before the stock split.

Proposal No. 2 Partial Amendment of the Articles of Incorporation

1. Reason for amendment

(1) Transition to a Company with an Audit and Supervisory Committee

The Bank intends to transition to a Company with an Audit and Supervisory Committee in order to strengthen its audit and supervisory functions, enhance management transparency, and enable more rapid decision-making. Accordingly, the Bank will implement amendments such as establishing new regulations regarding the Audit and Supervisory Committee and its members, as well as deleting regulations concerning the Board of Corporate Auditors and its members.

(2) Implementation of a flexible capital policy

In order to respond flexibly to the expectations of our investors, the Bank is amending provisions to allow for the distribution of surplus, etc., by resolution of the Board of Directors, pursuant to the provisions of Article 459, paragraph (1) of the Companies Act. Furthermore, since the Bank will not include provisions in the Articles of Incorporation based on Article 460, paragraph (1) of the Companies Act (Restrictions on Rights of Shareholders), this does not preclude future distribution of surplus, etc., from being made by resolution of the General Meeting of Shareholders.

(3) Other

In accordance with the above amendments, necessary changes are to be made, including revisions to wording and adjustments to article numbers.

A description of the amendments follows below.

Proposal No. 5 Determination of Compensation Amount for Directors (Excluding Directors who are Audit and Supervisory Committee Members)

The amount of compensation for the Bank's Directors was approved by shareholders at the 88th Annual General Meeting of Shareholders held on June 29, 2011, at an amount not exceeding ¥350 million per year. In connection with the transition to a Company with an Audit and Supervisory Committee, we propose to set the annual compensation for Directors (excluding Directors who are Audit and Supervisory Committee Members) at an amount not exceeding ¥350 million, comprehensively taking into account the Bank's business scale, executive compensation structure and payment levels, the current number of Directors, future payment levels, and other factors. In addition, as before, the compensation for Directors (excluding Directors who are Audit and Supervisory Committee Members) will not include the portion of employee salaries of Directors who concurrently serve as employees.

As this proposal has been deliberated on by the Management Advisory Committee, composed of a majority of Independent Outside Directors, we consider the details of the compensation to be appropriate.

There are currently seven Directors (including three Outside Directors); however, if Proposal No. 2, "Partial Amendment of the Articles of Incorporation," and Proposal No. 3, "Election of Six (6) Directors (Excluding Directors who are Audit and Supervisory Committee Members)," are approved as proposed, the number of Directors (excluding Directors who are Audit and Supervisory Committee Members) will be six (including 0 Outside Directors).

Note that the resolution for this proposal shall take effect subject to the amendment to the Articles of Incorporation set forth in Proposal No. 2, "Partial Amendment of the Articles of Incorporation," taking effect.

Proposal No. 6 Determination of Compensation Amount for Directors who are Audit and Supervisory Committee Members

If Proposal No. 2, “Partial Amendment of the Articles of Incorporation,” is approved as proposed, the Bank will transition to a Company with an Audit and Supervisory Committee.

Accordingly, we propose to set the annual compensation for Directors who are Audit and Supervisory Committee Members at an amount not exceeding ¥100 million, taking into account the number of such Directors, the economic environment, market trends, and compensation levels at other companies.

As this proposal has been deliberated on by the Management Advisory Committee, composed of a majority of Independent Outside Directors, we consider the details of the compensation to be appropriate.

If Proposal No. 2, “Partial Amendment of the Articles of Incorporation,” and Proposal No. 4, “Election of Six (6) Directors who are Audit and Supervisory Committee Members,” are approved as proposed, the number of Directors who are Audit and Supervisory Committee Members will be six (including five Outside Directors).

Note that the resolution for this proposal shall take effect subject to the amendment to the Articles of Incorporation set forth in Proposal No. 2, “Partial Amendment of the Articles of Incorporation,” taking effect.

Proposal No. 7 Revision of Performance-Linked Share-Based Compensation for Directors (Excluding Directors who are Audit and Supervisory Committee Members)

1. Reason for revision and reason why the proposed compensation is appropriate

The performance-linked share-based compensation plan (hereinafter referred to as “the Plan”) was approved by the Bank’s shareholders at the 93rd Annual General Meeting of Shareholders held on June 28, 2016 and was introduced for Directors of the Bank (excluding Outside Directors and Directors residing outside Japan). Under the Plan, shares of the Bank are delivered based on the degree of achievement of performance targets and other factors. In connection with the transition to a Company with an Audit and Supervisory Committee, we propose to partially revise the Plan.

This proposal primarily relates to changes to eligible participants in connection with the transition to a Company with an Audit and Supervisory Committee. In addition, concurrently with the commencement of the new Medium-term Management Plan, we propose to revise the timing of delivery of the Bank’s shares to eligible participants for the purpose of further enhancing their motivation to contribute to medium- to long-term performance improvement and the enhancement of corporate value.

(1) Eligible participants

In connection with the transition to a Company with an Audit and Supervisory Committee, we propose to revise the eligible participants under the Plan from the current Directors (excluding Outside Directors and Directors residing outside Japan) to Directors (excluding Directors who are Audit and Supervisory Committee Members, Outside Directors, and Directors residing outside Japan).

(2) Timing of delivery of the Bank’s shares to Directors

Under the current Plan, Directors who satisfy the eligibility requirements are, in principle, granted points after the end of each fiscal year based on their position and the degree of achievement of performance targets. These points are accumulated, and the shares and cash calculated based on them are delivered upon their retirement as Directors. Under the revised Plan, Directors who satisfy the eligibility requirements will, in principle, receive the Bank’s shares after the end of each fiscal year in a number corresponding to the points calculated based on their position and performance results, and the shares delivered will be subject to transfer restrictions until they retire from all positions as Directors. During the transfer restriction period, the Bank’s shares subject to transfer restrictions will be managed in dedicated accounts opened in advance by the Directors with a securities company, so that such shares may not be transferred, pledged as collateral, or otherwise disposed of.

If, during the transfer restriction period, a Director commits certain acts of misconduct, such as a material violation of duties as a Director or of internal regulations, or voluntary resignation contrary to the intent of the Bank, the transfer restrictions on the Bank’s shares delivered to such Director will not be lifted, and the Bank may acquire such shares without consideration.

If a Director retires during the trust period, the Director will receive the Bank’s shares in the number calculated at that time.

Except for the above, the details of the Plan, as resolved at the 93rd Annual General Meeting of Shareholders held on June 28, 2016, will remain unchanged. In addition, with regard to points already granted to Directors under the Plan prior to the revision (i.e., points for which the Bank plans to deliver the Bank’s shares equivalent to such points and pay cash in an amount equivalent to the proceeds from the sale of the Bank’s shares after the Directors’ retirement), the Directors will receive the Bank’s shares and cash in an amount equivalent to the proceeds from the sale of such shares upon their retirement as Directors in accordance with the details of the Plan prior to the revision, and no other changes will be made.

As this proposal has been deliberated on by the Management Advisory Committee, composed of a majority of Independent Outside Directors, we consider the details of the compensation to be appropriate.

There are currently four Directors eligible for the Plan. However, if Proposal No. 2, “Partial Amendment of the Articles of Incorporation,” and Proposal No. 3, “Election of Six (6) Directors (Excluding Directors who are Audit and Supervisory Committee Members),” are approved as proposed,

the number of Directors (excluding Directors who are Audit and Supervisory Committee Members) will be six (6).

Note that the resolution for this proposal shall take effect subject to the amendment to the Articles of Incorporation set forth in Proposal No. 2, “Partial Amendment of the Articles of Incorporation,” taking effect.

2. Other details of the Plan

Any other details regarding the Plan shall be determined by the Board of Directors upon the establishment of this trust, any amendment to the trust agreement, or any additional contribution to this trust.

3. Overview of the Plan (after revision)

The Plan is a share-based compensation plan in which the Bank’s shares are acquired through a trust using the amount of compensation for Directors contributed by the Bank as the source of funds, and the Bank’s shares are delivered to Directors through said trust.

(i) Recipients of the Bank’s shares to be delivered under this proposal	Directors of the Bank (excluding Directors who are Audit and Supervisory Committee Members, Outside Directors, and Directors residing outside Japan)
(ii) Maximum amount to be contributed by the Bank	A total of ¥300 million covering three fiscal years
(iii) The maximum number of shares of the Bank to be acquired by Directors and the method of acquisition	- The maximum number of points to be granted to Directors shall be 17,000 points per year. - One point shall equal three shares of the Bank’s common stock; if a stock split, reverse stock split, or similar event occurs regarding the Bank’s shares held in this trust during the trust period, the number of shares of the Bank’s stock per point will be adjusted in accordance with the split ratio or reverse split ratio, etc. - The number of shares equivalent to the number of points per fiscal year described above (51,000 shares) represents approximately 0.05% of the Bank’s total number of issued shares (as of March 31, 2026, after deducting treasury shares). (This ratio is calculated reflecting the stock split effective April 1, 2026, whereby one share of the Bank’s stock was split into three shares) - The Bank’s shares are scheduled to be acquired on the stock market or from the Bank (disposal of treasury stock).
(iv) Method for calculating the number of shares of the Bank to be acquired by Directors	Vary depending on the degree to which annual targets set in the Medium-term Management Plan are achieved
(v) Timing of grant of the Bank’s shares to Directors	- In principle, the Bank’s shares will be delivered from the trust after the end of each fiscal year, and transfer restrictions will be imposed on such shares until the Director retires from all positions as a Director. - However, if the Director commits certain acts of misconduct during the transfer restriction period, the transfer restrictions will not be lifted, and the Bank may acquire such shares without consideration.

(Note) The number of shares of the Bank per point reflects the stock split effective April 1, 2026.
